1	<p>TASK #1 DCI Cover Letter + Resume - V1 Project Requirements: The client put this one together using her branding assets. For this one, I need your help fixing the alignment, and sizing of elements. Ensure consistent sizing of elements, headers, and margins for both pages. Keep all the design elements but use your overall design judgment to clean it up as best as possible.</p>	\$30.00	0%	\$30.00
1	<p>TASK #2 Unlock Your Superpowers Workbook — V1 Project Requirements: The client put this one together using her branding assets. I need your help checking brand consistency with fonts (I noticed she's using different fonts), overall margins, alignment, and sizing of elements. Overall I'd like to have this document feel lighter and not as dark/heavy. Spending time reworking the cover and last page. The client has also requested to add her picture to the cover page. I think we can use the one from the document link above (DCI Cover Letter + Resume: her headshot framed in the arch shape).</p>	\$30.00	0%	\$30.00
